

# ATTD Yearbook

The **ATTD Yearbook** addresses a growing interest in the development of new and advanced technologies and devices for the treatment of diabetes, which has resulted in numerous manuscripts in medical journals relating to this topic. **The ATTD YEARBOOK reflects innovations in the treatment of diabetes, combining a selection of the most relevant published data from this very broad field with a critical review of the most important articles selected by key opinion leaders.**

The **16TH YEARBOOK ON ADVANCED TECHNOLOGIES & TREATMENTS IN DIABETES (ATTD 2024 YEARBOOK)** summarizes the most important articles in the field of diabetes technology published in medical journals during the period between July 2023 to June 2024.

The **16TH YEARBOOK ON ADVANCED TECHNOLOGIES & TREATMENTS IN DIABETES (ATTD 2024 YEARBOOK)** will be published in March 2025 simultaneously with the opening of the ATTD 2025 conference in Amsterdam. The content of the ATTD 2023 Yearbook is freely available [here](#) online.

The ATTD 2024 Yearbook will be presented during the ATTD 2025 Conference.

Mary Ann Liebert, Inc. is the publisher of the ATTD Yearbook and [Conference Abstracts](#).
